>About us_
```

Genesis 2026 is the inaugural edition of an annual student-led tech fest hosted by the Computer Science Department at Indus Valley World School. Driven by our mission to Innovate, Ideate, Inspire, this event is dedicated to building the future of technology. As our flagship first edition, Genesis will gather the brightest young minds from grades 9 through 12, welcoming top talent from approximately 20+ schools across the region.

For forward-thinking brands, partnering with Genesis 2026 offers a powerful opportunity to align with youth empowerment and educational excellence. Through this collaboration, your brand will directly engage with a highly motivated demographic of future creators, engineers, and industry leaders right at the genesis of their journey.
